

5 THINGS YOU SHOULD KNOW ABOUT THE NATIONAL UNION OF STUDENTS:

1 - Using YOUR money, the NUS actively campaigns for abortion up to birth, and for any reason.

2 - The NUS financially affiliates to a pro-abortion political group called 'Abortion Rights' who believe anyone should be allowed to perform an abortion.

3 - The NUS proudly supports eugenic abortions for disability.

4 - The NUS protested America's partial-birth abortion ban despite the fact that around 70% supported the ban. Partial-birth abortion is a gruesome procedure which involves puncturing the baby's skull.

5 - The NUS recently launched a campaign called 'Proudly pro-choice'. It wants your student union to campaign in favour of abortion.
